> [Visit product online](#)

Features

- 1.8m Lead
- 3 wide spaced sockets for use with transformer plug packs
- Side entry plug
- 175J surge protection with indicator. Prevents damage to connected devices from power inconsistencies.

Overview

This HPM 5 Outlet Surge Protected Powerboard is perfect for home and office use, featuring 5 wide-spaced outlets with safety overload protection, making it ideal for transformer packs. It includes spacing for 3 transformers and built-in surge protection to safeguard connected devices. Overload protection activates when an outlet exceeds its maximum capacity, ensuring safety and reliability.

Quality You Can Trust

Installation

- Keyhole mounting slots

Convenient Functionality

- Ideal for home, TV, Office

Unique Characteristics

- Safety overload protection - If an overload occurs, this powerboard has a safety cutout, simply push to restart.
