Features

- 0.9m Lead
- 4 wide spaced sockets for use with transformer plug packs
- 175J surge protection with indicator. Prevents damage to connected devices from power inconsistencies.

User Recommendations

- Indoor use only

Overview

This HPM 4 Outlet Surge Protected Powerboard is perfect for home and office use, featuring 4 wide-spaced outlets with safety overload protection, making it ideal for transformer packs. Surge protection prevents damage to connected devices, while overload protection activates when an outlet exceeds its maximum capacity, ensuring safety and reliability.

Quality You Can Trust

Installation

- Keyhole mounting slots for easy hanging

Unique Characteristics

- Safety overload protection - If an overload occurs, this powerboard has a safety cutout, simply push to restart.
