- Gasket for sealed construction to prevent air leakage
- High quality flame retardant plastic construction
- Both visible<sup>^</sup> and invisible flicker free technology

#### Overview

The HPM Zyla Plus Flicker Free LED Tri-Colour Recessed Downlight in white is engineered to reduce visible flickering caused by ripple control injection at frequencies of 750 Hz and 1050 Hz. This ensures a stable light output at both full brightness and when dimmed with approved HPM or Legrand dimmers. Perfect for any room, it provides a smooth and comfortable lighting experience.
