Overview

The HPM Vivo 350VA 3 Wire Push Button Dimmer is the ideal solution for those seeking precise control over their room lighting. Featuring programmable dimming options, it allows you to effortlessly adjust light intensity to suit your needs. The built-in LED indicator makes it easy to locate the switch in the dark, while the soft start mode provides a smooth transition to your preferred lighting level. With its sleek, square design and interchangeable cover plate, this wall plate not only complements any decor but also lets you customise it to match your style.
